

FantaEurovision Rulebook

- Each player has 100 SaBaudis¹ he can use to “buy” 5 artists among the competing ones
- It is mandatory to form a team of 5 artists, no less, no more, and to name one of them as a captain
- The deadline for the submission of your team is May 9 11.59 P.M.
- Bonuses and penalties will be applied to every artist according to the following rules. If the application of a bonus or a penalty is uncertain, the FIF² will have the final say: it will assess professionally, unconditionally and factually the case in question. FIF will always release its official interpretations during the week of Eurovision Song Contest
- Bonuses and penalties applied to the captain during the grand final will be doubled
- Bonuses and penalties are scored from the first minute of the Eurovision Song Contest until the end of the grand final (anything that happens before or after that time range will not be counted)
- If not specified, bonuses and penalties refer to actions accomplished by the artist or to events involving them from the moment when their performance is announced to when they leave the stage (during the soirées of Eurovision Song Contest)
- If an artist or band is Covid-19 positive, and they cannot go to Turin, the backup performance will be used. If so, bonuses and penalties will be applied based on the backup performance
- The player with the higher total score at the end of Eurovision Song Contest will be proclaimed winner
- This Rulebook may be modified by the FIF until May 9, 2022 11.59 P.M.

Bonuses and Penalties

- Grand Final ranking points:
 - 1st place = **+50**
 - 2nd place = **+35**
